

January 1, 2009

To all our Medicare Patients:

Medicare has mandated that by 2012 all prescriptions **should** be sent to the pharmacies electronically. Medicare has given physicians three years to implement this procedure after which time they will start to penalize all those physicians that do not comply.

For this reason we need your help. We need the information about the Pharmacy you use all this information will be kept confidential in your file.

Pharmacy Name: _____

Address: _____
Street Address, City, State, Zip Code

Telephone Number
Including area code _____

If you use the Military Base pharmacies or a mail order pharmacy we will continue to write these prescriptions until these pharmacies are equipped to take the prescriptions electronically.
